Dear Parents and Caregivers

Welcome back for Term 4!
We hope you all had an enjoyable break, and the students are feeling refreshed for the term ahead!

We ended Term 3 on a real high with our Team Rimu Dragons Den Final! We were absolutely blown away with the thought and effort students put into designing their invention, and presenting them to their class. We had 10 students present their amazing inventions in the final, with Ava West coming third with her Silent Vacuum, Finn McArthur taking second place with his Friendly Website, and Samuel Halse coming first place with his Litter Picker. Congratulations!!!

What's in store for the Term?

We have an exciting and busy Term ahead! Your child may have already told you about what they are doing for their SVA (Student Volunteer Army) Project. These will all be completed by Week 4 – you will find out more info from your child's classroom teacher in the weeks to come.

This term we will also be looking at Digital Tech Story Telling, as well as Identity (what makes me me, and what makes you you) as well as researching different cultures.

Stay tuned through Seesaw!
